AAUW GREATER WAYNE AREA BRANCH PURPOSE

The purpose of this branch shall be to further AAUW's mission to advance equity for women and girls through advocacy, education, philanthropy and research.

FROM THE CO-PRESIDENTS' DESK...

It's 2017! We made it through the endless year of campaigning and elections. Now we can turn our focus to AAUW mission and goals and the ways our branch members can work together to implement these goals while enhancing our sense of community.

The good news is we begin the year with five new members who are anxious to get started on AAUW projects. See Membership News to learn more about them and we encourage you to reach out and personally welcome them to the branch. They are our future.

Where do we go from here? Several members have volunteered to serve on the Tech Trek selection committee for the July Camp at Stockton University. Other members have agreed to work on the Scholarship Committee so we can ensure the largest awards for the best candidate(s). The Board will continue to meet to

move the branch forward. Interest groups will provide opportunities to explore our passions. Consider how you want to be involved in your branch for 2017 and then make it happen!

BEAT THE COLD WITH A WARM GET-TOGETHER

As the new year rolls in there is a new change in the venue for our first meeting of 2017! With the difficulty of finding a permanent venue we will be exploring new ideas not only for our venue but for our 2017-19 branch direction.

Our meeting will be an informal get-together at Beth Marmolejos' home on Wednesday, January 18 at 7:00 pm. Pizza will be served! We look forward to Beth's hospitality in a fun and casual environment (remember our summer social?) with updates on GWA activities.

Please let me know if you are coming so that we can make a pizza delivery order!

The National Human Trafficking Resource Center's hotline is 1-888-3737-888. Store the number in your cell phone directory and if you see something, say something by calling in your tip.

TECK TREK

Volunteers and donations are needed for the upcoming Teck Trek camp the week of July 16th at Stockton University. Sixty rising 8th grade campers will be exploring and learning with the help of teachers and mentors. This is a unique opportunity for us to encourage young women to enter the STEM fields as they further their education and expand their horizons. Consider being a volunteer and donating to help make Teck Trek possible. For more information, visit <http://aauw-nj.aauw.net/projects/tech-trek/>.

MEMBERSHIP NEWS 2016 NEW MEMBERS

We are extremely pleased to announce that we have three new members, Lauren Gurry, Mary Ellen Owens and Ann Wheeler. In our November/December issue we briefly introduced Carol Brown and Mary Ann Sgobba as new branch members. Thus, in the last third of 2016, we were able to add five women who wish to work with us to make a difference in our community.

We asked each of the three newest members to write a very short introduction of herself.

Lauren Gurry is a marketing manager for SiriusXM and holds a BA in Professional Writing and Journalism. Her interests include: reading, writing, travel, history, culture, and home decor.

Mary Ellen Owens is the mother of three young children and a software developer in the financial industry. When she has time, Mary Ellen enjoys the piano, baking, knitting and writing.

Ann Wheeler is devoting her life to creating an enlightened Healing Society to restore the delicate balance between ONE Humanity and ONE Earth. She lives to enlighten her body and brain so that others can choose to do it too!

Lorraine and I have had the opportunity to speak with each of our new members individually and at length. We are both energized by the enthusiasm that they have about using their many and varied skills to work with us on our mission-based projects.

We encourage all our members to seek out opportunities to speak with our newest members, share your experience and skills and get to know these ladies. We assure you that you will not be bored. By combining our varied assets and interests we can position ourselves to continue to do great things, expand our efforts and deliver even better results.
